

# Reid Beef Maintainer Pellet

Optimal nutrition tool for thriving cattle year-round

**Available In**

20kg Bags

800kg Bulka Bags

Bulk Loads

## Features & Benefits

### Performance

Balanced energy and protein sources. Rumen Buffers to reduce the risk of digestive upset and Monensin Sodium to aid in the prevention of Coccidiosis.

### Convenient

Feed your adult stock easily and effectively, meeting energy demands even when quality forage is scarce.

### Consistent

Rely on Reid Beef Maintainer Pellet for consistent nutrition and feed conversion efficiency, supporting cattle growth from young to finishing stages.

### Palatable

Keeps your cattle satisfied and healthy with a palatable grain blend, encouraging consistent intake and optimal digestion.

## Feeding Directions

- Introduce pellets gradually to avoid rumen upset.
- Introduce at 100-200 grams/head/day, once all bulls/steers are consuming, increase by 100-200 grams/head/day up to desired feed rate, before allowing ad lib access.
- Beef cattle on ad lib access should consume 1-2% of their liveweight per day (as fed).
- Always offer a source of long fibre (straw or hay).
- Ensure livestock always have access to clean, fresh water.
- Recommended feed rates may vary, depending on fodder quality, stage of cycle and liveweight. Speak to a Reid Stockfeeds Nutritionist to obtain tailored advice for your individual circumstance.

## Ingredients Selected From

Legumes, cereal grains, oil seeds, fibre sources, limestone, canola oil, molafos, acid buf, salt, magnesium oxide, vitamin/mineral premix, urea, monensin.

## Storage Requirements

Store in a vermin free, cool, dry place, protected from direct sunlight. Best within 12 months of manufacture date.
