Features & Benefits

Performance

Designed for medium quality pasture and forage feeding. Aids in boosting lactation performance, especially in spring milkers.

Nutritional

High protein pellet to meet productive and maintenance requirements.

Buffered

Contains acid buf as key ingredient of the buffering mixture.

Palatable

Highly palatable pellet, encouraging optimal intake and digestion.

Feeding Directions

- Introduce pellets gradually to avoid rumen upset.
- Introduce at 1kg/head/day, once all cows are consuming, increase by 300-400 grams/ head/ day up to desired feed rate, before allowing ad lib access.
- Dairy cattle (Milkers) on ad lib access should consume 1-2% of their liveweight per day (as fed).
- Always offer a source of medium chop fibre (Silage or hay) and pasture if it's available.
- Ensure livestock always have access to clean, fresh water.
- Recommended feed rates may vary, depending on fodder quality, stage of cycle and liveweight. Speak to a Reid Stockfeeds Nutritionist to obtain tailored advice for your individual circumstance.

Ingredients Selected From

Protein meals, cereals and their by-products, limestone, canola oil, molafos, acid buf, salt, magnesium oxide and vitamin/mineral premix.

Storage Requirements

Store in a vermin free, cool, dry place, protected from direct sunlight. Best within 12 months of manufacture date.
