Features & Benefits

Performance

Enhance post-weaning growth and development with our nutrient-rich blend, promoting healthy muscle and bone development in calves.

Convenient

Simplify your post-weaning feeding program and ensure calves receive essential nutrients for optimal growth.

Consistent

Fortified with essential minerals and vitamins for overall well-being and to support reliable growth and health in post-weaning calves.

Palatable

Keep your calves satisfied and healthy, a delicious blend encouraging optimal intake and digestion for strong, thriving animals.

Feeding Directions

- Introduce grain gradually to avoid rumen upset.
- Introduce at 0.5% of liveweight/head/day, and gradually increase to max 1.5% of liveweight.
- For cattle from 150kg to 300kg, feed up to 1-1.5% of liveweight/head/day.
- Always offer a source of long fibre (straw or hay).
- Ensure livestock always have access to clean, fresh water.
- Recommended feed rates may vary, depending on fodder quality, stage of cycle and liveweight. Speak to a Reid Stockfeeds Nutritionist to obtain tailored advice for your individual circumstance.

Ingredients Selected From

Wheat, barley, lupins, canola meal, soybean meal, canola oil, molafofos, limestone, salt, sodium bicarbonate, sodium bentonite, magnesium oxide, magnesium sulphate, acid buf, vitamin/trace mineral premix, fylaxflo.

Storage Requirements
