Features & Benefits

Performance

Designed to improve feed efficiency conversion, manage body condition & meet your flocks reproductivity targets.

Versatile

Coarse crush mix, designed for multi-species usage in hobby farms.

Consistent

Guaranteed to meet specifications for your animals at different ages.

Palatable

Palatable grain mix loved by a variety of ruminant animals!

Feeding Directions

- Introduce grain gradually to avoid rumen upset
- Begin feeding at a rate of 0.2% of animal liveweight (100 grams per 50 kg of liveweight), increasing slowly over a 21-day period to a maximum of:
 - » **Cattle:** 1.5% of liveweight or a total of 6kg per day for cattle, whichever is lower. Do not feed more than 3kg per meal.
 - » **Goats & Deer:** 1.5% of liveweight or a total of 1 kg per day, whichever is lower.
 - » **Sheep & Alpacas:** 1% of liveweight or a total of 0.5kg per day, whichever is lower.
- Always offer a source of long chop fibre (Silage or hay) and pasture if it's available to optimize rumen function.
- Ensure livestock always have access to clean, fresh water.
- Recommended feed rates may vary, depending on fodder quality, stage of cycle and liveweight.
- Speak to a Reid Stockfeeds Nutritionist to obtain tailored advice for your individual circumstance, or for a species-specific product targeted to your individual needs.

Ingredients Selected From

Cereal grains, legumes, Oil Seeds, limestone, canola oil, Molofos, Acid buf, Di Calcium Phosphate, salt, essential oils, Magnesium oxide, urea, vitamin/mineral premix and Fylaxflo.

Storage Requirements

Store in a vermin free, cool, dry place, protected from direct sunlight. Best within 6 months of manufacture date.
