Features & Benefits

Performance

Consistent excellent growth rates in young lambs.

Convenient

No further mixing required. Flows well in silos, augurs, feeders. Can assist in weaning off heavier lambs earlier in the season, whilst reducing the nutritional impact on the mothering Ewe.

Consistent

Fine mash, designed for optimal feed conversion efficiency and early growth gains in young lambs.

Palatable

Young lambs love it!

Feeding Directions

- Introduce grain gradually to avoid rumen upset.
- Introduce at 25-30 grams/head/day, once all lambs are consuming, increase by 20 grams/head/day up to desired feed rate, before allowing lambs ad lib access.
- Restricted access to the feed for mothering Ewes is required.
- Always offer a source of long fibre (straw or hay).
- Ensure livestock always have access to clean, fresh water.
- Recommended feed rates may vary, depending on fodder quality, stage of cycle and liveweight. Speak to a Reid Stockfeeds Nutritionist to obtain tailored advice for your individual circumstance.

Ingredients Selected From

Cereal grains, almond meal, legumes, oil seeds, limestone, canola oil, molofos, acid buf, sodium bicarbonate, ammonium chloride, mono/di calcium phosphate, salt, essential oils, yeasts, magnesium oxide, vitamin/mineral premix, fylaxflo.
