

# Reid Lamb Finisher

16% protein grain blend, crop compliment  
and finisher option

**REID**  
Stockfeeds  
Trusted Performance

## Available In

20kg  
Bags

800kg  
Bulka Bags

Bulk  
Loads

## Features & Benefits

### Performance

Offers consistent and robust growth rates in young lambs throughout the feeding process.

- **Stage 1:** Medium level starch/ME content to comply with early finisher requirements.
- **Stage 2:** High starch mix to boost the growth requirements and meet the deadline for finishing lambs to gain the target weight.

### Convenient

Enhances feed conversion efficiency and promotes optimal animal health with ease of feeding.

### Consistent

Reduces stress for both animals and operators through reliable containment feeding practices.

### Palatable

Encourages early feed uptake and sustained palatability to support healthy lamb development.

## Feeding Directions

- Introduce grain gradually to avoid rumen upset.
- Introduce at 50-100 grams/head/day, once all lambs are consuming, increase by 50 grams/head/day up to desired feed rate, before allowing lambs ad lib access.
- Lambs on ad lib access should consume 3-3.5% of their liveweight in grain (the whole mixture) per day (as fed).
- Always offer a source of long fibre (straw or hay).
- Ensure livestock always have access to clean, fresh water.
- Recommended feed rates may vary, depending on fodder quality, stage of cycle and liveweight. Speak to a Reid Stockfeeds Nutritionist to obtain tailored advice for your individual circumstance.

## Ingredients Selected From

Cereal grains, almond meal, legumes, oil seeds, limestone, canola oil, molofos, acid buf, sodium bicarbonate, ammonium chloride, mono/di calcium phosphate, salt, essential oils, magnesium oxide, vitamin/mineral premix, fylaxflo.

## Storage Requirements

Store in a vermin free, cool, dry place, protected from direct sunlight. Best within 6 months of manufacture date.

## Nutrition

Min. Metabolisable Energy	12 MJ/Kg
Min. Crude Protein	16.5%
Min. Crude Fat	3.5%
Max. Salt Added	1.5%
Min. Calcium	0.8%
Min. Phosphorus	0.4%
Copper	(added) NIL
Cobalt	(added) 0.25 mg/kg
Selenium	(added) 0.1 mg/kg
Zinc	(added) 40 mg/kg
Manganese	(added) 30 mg/kg
Iodine	(added) 0.25 mg/kg
