Features & Benefits

Performance

Promotes early growth & good rumen development.

Convenient

Can assist in weaning off heavier lambs earlier in the season, whilst reducing the nutritional impact on the mothering Ewe.

Growth

Formulated with high protein content to meet growth requirement of lambs.

Palatable

Young lambs love it as it is highly palatable!

Feeding Directions

- Introduce pellets gradually to avoid rumen upset.
- Introduce at 30 grams/head/day, once all lambs are consuming, increase by 30 grams/head/day up to desired feed rate, before allowing lambs ad lib access.
- Restricted access to the feed for mothering Ewes is required.
- Always offer a source of medium fibre (straw or hay).
- Ensure livestock always have access to clean, fresh water.
- Recommended feed rates may vary, depending on fodder quality, stage of cycle and liveweight. Speak to a Reid Stockfeeds Nutritionist to obtain tailored advice for your individual circumstance.

Ingredients Selected From

Legumes, cereals and their by-products, oil seeds, limestone, canola oil, molafos, acid buf, ammonium chloride, urea, mono/di calcium phosphate, salt, essential oils, magnesium oxide, vitamin/mineral premix.
