Features & Benefits

Performance

Promotes healthy growth and optimal body condition in dairy cattle weighing 300kg or more.

Convenient

Simplifies heifer nutrition with a specialised mix designed to meet their evolving dietary needs.

Consistent

Provides reliable nutrition to support steady growth, fertility, and overall well-being in yearling heifers.

Palatable

Offers a highly palatable blend that encourages regular consumption and supports heifer health.

Feeding Directions

- Introduce grain gradually to avoid rumen upset.
- Transition from Reid Stock feeds Calf Weaner to Yearling Mix, once heifers' approach 12 months of age.
- Shandy the two feeds, and gradually move to 100% Yearling Mix over two weeks.
- Feed Yearling Mix at 2-4 kg per head per day.
- Ensure access to good quality cereal or pasture hay, and a small amount of pasture (if available).
- Ensure livestock always have access to clean, fresh water.
- Recommended feed rates may vary, depending on fodder quality, stage of cycle and liveweight. Speak to a Reid Stockfeeds Nutritionist to obtain tailored advice for your individual circumstance.

Ingredients Selected From

Barley, wheat, lupins, canola meal, molafos, canola oil, salt, sodium bicarb, fylaxflo, and a vitamin and trace mineral premix.

Storage Requirements

Store in a vermin free, cool, dry place, protected from direct sunlight. Best within 6 months of manufacture date.
